Welcome

Welcome to the 2019 Berkmann Portfolio Tasting... and the largest selection of wines we have ever shown in one room! Our aim has always been to offer maximum diversity within a sensibly sized range, and the new suppliers exhibiting here for the first time absolutely encapsulate that ambition.

Joining the Berkmann family are major brands and artisan producers, little-known regions and classic appellations, wines from four continents priced from £7 to £120.

First on board was **Ferraton**, who joined the range just after last year's event, and so make their Portfolio Tasting début today. Offering a brilliant cross-section of Rhône appellations, particularly Saint-Joseph and some stellar biodynamic Hermitage, this house is now a very serious challenger to the Rhône establishment.

From a little further south, in Provence, we welcome **Château Minuty**, whose exquisite rosés are rippling outwards from Saint-Tropez and making ever-larger waves worldwide. Just as beautiful, if a little fuller-bodied, are Justin Howard-Sneyd's sumptuous reds from **Domaine of the Bee** in Roussillon.

Our Italian range has grown by not one but two iconic producers: **Ca' del Bosco**, the leading light of Franciacorta, and **Umani Ronchi**, who lead the way in the Marche and Abruzzo regions, setting the standard for Verdicchio, Pecorino and Montepulciano. As part of the prestigious Istituto Grandi Marchi, they join fellow members Antinori, Masi and Tasca on the Berkmann list, and we are privileged to represent such a high proportion of this Italian elite.

In Spain, our focus has been on the cutting edge: representing some lesser-known regions are **Viñas del Cámbrico** from Sierra de Salamanca, **Soto Manrique** from Gredos and **Belarmino** from Ribeira Sacra. After a lengthy search for value as well as quality, we are also proud to introduce our first Priorat producer for a decade: **RAR**, the personal project of Scala Dei's winemaker Richard Rofes.

Crossing the equator, we have two brilliant new Chenin Blancs from South Africa's historic **Lievland** estate. And then a pair of producers from Australia: **Tournon**, Michel Chapoutier's domaine in Victoria, offers a compelling account of some unique terroirs, and last but not least, that unique Australian icon **Yarra Yering**. The winery that reestablished vine growing in the Yarra Valley, its understated, simply labelled wines are among the country's most sought after, and most beautiful.

We appreciate there is a lot to taste here – far too much to get round in a single day – so to help you navigate the length and breadth of the range, we have proposed some themed Wine Trails. These can be found on pages 14-23. Whether you use these as a starting point or go entirely off the beaten track, we wish you a very happy tasting!

Wine Trails

To help you experience the breadth of the offering in Berkmann's portfolio we have created six bespoke wine trails to follow. Each trail is a selection of wines that fits around a theme. We've chosen them to match topics and trends we are currently seeing across the trade. It is also the perfect opportunity to compare and contrast wines from different regions and producers that share a common thread. Each wine is located on tables across the tasting within their region or producer section; you can find them by using the table numbers noted on each trail.

Happy Tasting!

What's On?

12:30-15:00 LUNCH | 14:30-15:30 MASTERCLASS

Masterclass - Syrah: Hiding In Plain Sight

Presented by Emma Dawson MW

Unquestionably one of the world's great grape varieties, Syrah – or Shiraz – is often underestimated. This six-wine tasting will showcase its extraordinary beauty and versatility, and features wine from the oldest Syrah vines in the world, planted in 1843.

Wine Trails

A

PLAYING AWAY

In recent decades it has become common for European wine families to expand their reach by establishing vineyards in new world territories, bringing their skills and know-how to achieve exciting results.

Here is a collection of wines from famous families who have travelled abroad. A tasting of their wines will be an interesting way to consider how their homeland has influenced the taste of each expression.

B

WALK ON THE WILD SIDE

At Berkmann we are careful to select wines with impeccable taste and consistency. But we are also ready to take risks when we find something delicious.

Here is a selection of six wines all made with low intervention or “artisanal” methods.

D

ORGANIC

Consumer interest in Organic wines is starting to build momentum so we have selected a few of our best for you to explore and enjoy.

C

SHADES OF GRENACHE

Grenache offers a wide palette of colour and flavour. In this flight we have sought out styles across the spectrum from pale Provençal pink, to delicate and fruity reds, culminating with the dense, dark and powerful.

F

EMERGING REGIONS

The wine world is constantly expanding and breaking through new borders. We are constantly reviewing our portfolio to offer exciting new regions with great quality wines. Here is a selection from our current range.

E

10 UNDER £10

ENVIRONMENT, SOCIAL & CHARITY OVERVIEW

As part of Berkmann's commitment to sustainability, we have pulled together a group of like-minded volunteers from every aspect of the business to help implement our vision and improve on the good work that is already in place.

We are exploring how three areas – Environment, Social and Charity – can inform our day-to-day working. We want to make Berkmann the best company to work with, and work for in the UK wine trade, whilst helping to uphold the highest environment standards so future generations have the chance to enjoy the amazing wine that is the heart of everything we do.

We have lofty ambitions for the ESC team and believe that with our collective input we can achieve great things.
